PROFESSIONAL PROFILE

Fullstack & AI Developer specializing in the design, development, and deployment of intelligent solutions and data-driven backend architectures. Expert in integrating **Large Language Models (LLMs)**, **predictive models**, **conversational assistants**, and **intelligent agents** for complex **workflow automation**. With advanced proficiency in optimizing relational and non-relational data under **agile methodologies**, I maximize technical productivity by leveraging **AI-powered IDEs** to deliver scalable, robust, and high-performance systems.

PROFESSIONAL EXPERIENCE

AI & FULL STACK DEVELOPER

AIDIDACTIC

Granada, Spain

(Oct 2025 - Jun 2026)

- Design and deployment of a virtual assistant integrated into an AI ecosystem, utilizing **n8n** for workflow automation and **Pinecone** as a vector database to optimize information retrieval.
- Backend development in **Python** and interactive frontend development in **React**, managing data architectures in **PostgreSQL** under agile methodologies (Scrum & Kanban).

FULL STACK DEVELOPER

Talleres Metalfas S.L

Armilla, Granada

(Feb 2025 - Ago 2025)

- Management, maintenance, and continuous updating of the corporate website developed in **WordPress (Divi)**, ensuring optimal performance and up-to-date content.
- Control and preparation of budgets and invoicing, guaranteeing accuracy in financial records and efficient client follow-up.

FULL STACK DEVELOPER

Tertius Informática

Granada, Spain

(Abr 2024 - Jun 2024)

- Web development for SMEs: Design and implementation of responsive websites utilizing **Laravel, MySQL, Bootstrap, HTML**, and **CSS**.
- Internship (FCT - DAW): Code management and project collaboration using version control with **GitHub**.

BACKEND DEVELOPER

I.E.S Zaidín-Vergeles

Cologne, Germany

(En 2024 - Mar 2024)

- Participation in the Erasmus+ project "**Another Fake, Another Fact**", strengthening communication and adaptability within multicultural teams.
- Laravel (**PHP**) backend development and management of relational data architectures using **MySQL**.

EDUCATION

MERCEDARIAS GRANADA | Granada, Spain (Sept 2025 - Jun 2026)

- Specialist Course in Artificial Intelligence and Big Data.

I.E.S ZAIDÍN-VERGELES | Granada, Spain (Sept 2022 - Jun 2024)

- Higher Technical Degree in Web Application Development (DAW)

I.E.S ALBA-LONGA | Armilla, Granada (Sept 2020 - Jun 2022)

- A-Levels in Technology

HABILIDADES TÉCNICAS

- **Programming languages:** Python, Java, JavaScript, PHP, R, MATLAB.
- **AI, Machine Learning & LLM Architecture:** LangChain, LangGraph, Scikit-learn, TensorFlow, PyTorch, Pandas, NumPy.
- **Databases & Vector Management:** Pinecone (Vector DB), Supabase, PostgreSQL, MySQL, MongoDB
- **Web Development, Backend & Frameworks:** React, Laravel, Streamlit, HTML, CSS, WordPress.
- **Automation & Cloud (DevOps):** n8n, Azure, AWS, GCP, Docker.
- **Development Environments & Productivity Tools (AI):** Cursor, GitHub Copilot, Warp, Git/GitHub, OpenCode.
- **Data Analysis & Business Intelligence:** Power BI.

FEATURED PROJECTS

Conversational VIN-Based Diagnostic Assistant | *LangGraph, Groq, Supabase, Embeddings, n8n*

- Design and deployment of a virtual assistant specialized in mechanical fault diagnosis and the optimization of responses based on technical FAQs.
- Implementation of semantic search systems using embeddings and advanced conversational workflow modeling with **LangGraph** for decision tree automation.

Computer Vision System for Package Inspection | *Python, CNN, Streamlit, Performance metrics*

- Design and training of a convolutional neural network (**CNN**) oriented toward automated package status classification through image processing.
- Local deployment of an efficient pipeline integrating data ingestion, model evaluation, and an interactive **Streamlit** interface for rapid validation in real-world environments.

LANGUAGES

- **Spanish:** Native.
- **English:** Anglia English Proficiency Test Level C1 CEFR & Cambridge B1 Preliminary (PET).
- **French:** Basic Proficiency.

ADDITIONAL INFORMATION

- **Mobility:** Driving license (Class B), personal vehicle, and full, immediate availability.
- **Soft Skills:** Continuous learning capability, strong communication, teamwork, problem-solving, adaptability to change, stress tolerance, and strategic planning.
